PROPOSED CONC. MEDIAN

TO WASHINGTON

1. Pavement markings detailed are proposed and are to be installed by the Contractor in accordance with S.H.A. standards.
2. "D.O." indicates a delay-output loop detector.
3. The loop detectors and conduit are to be installed prior to the installation of the pavement markings.
4. This is a revision to the existing traffic control signal built in 7-11-74 under Contract No. AW-555-503-376.
5. The contractor must verify the location of the proposed geometrics prior to the installation of any signal equipment.
